

SEPULVEDA VAMC

North Hills, CA

168.3-kW DC Solar PV Parking Canopy

Hannah Solar Government Services (HSGS) was contracted by the Department of Veterans Affairs to design and install a solar photovoltaic (PV) array at the Sepulveda VAMC's Ambulatory Care Center in North Hills, CA. The 168.3-kW (DC) PV system was installed, featuring Sunpower modules that are supported by a Sunpower Carport structure and connected to SMA inverters.

The Sepulveda ACC is a health care institution that offers medical and surgical treatment; the hard-working team provides emergency care for surgeries, sudden illnesses, and severe illnesses for the Veterans in their community. The ACC also offers laboratory and diagnostic services, scheduled surgeries, labor and delivery services, recovery services, and inpatient treatment, plus support services, including home nursing, family support services, and prescription services. HSGS is proud to aid the ACC's energy needs.

Project Specifications:

Customer: Department of Veterans Affairs

Project Value: \$974 K

Project Completion: August 2017

Role: Prime Contractor – Designer and Installer

Equipment Specifications:

Modules: Sunpower Performance
