

CHARLESTON ORAL & FACIAL SURGERY

North Charleston, SC

14.4-kW Solar PV System Roof Array

Hannah Solar Government Services (HSGS) was contracted by Charleston Oral & Facial Surgery to design and install a solar photovoltaic (PV) array at their facility located in North Charleston, SC. The 14.4-kW roof-mount system features Trina Solar modules that are supported by a Panel Claw racking structure and connected to Solar Edge inverters.

Charleston Oral and Facial Surgery is a leader in oral surgery maxillofacial treatment and has eight locations in the Lowcountry. Charleston Oral & Facial surgery boasts a handful of accolades as well as highly-trained oral surgeons who have each been the top of their respective classes in medical school.
